

Working visit of Secretary of State of the Government for Reintegration Roman Roșca to the settlements of Copanca and Grădinița in Căușeni district

On 9 July 2026, Secretary of State of the Government for Reintegration Roman Roșca paid a working visit to the settlements of Copanca and Grădinița in Căușeni district, located within the perimeter of the Security Zone.

During the visit, a dialogue was held with representatives of the local public administration authorities aimed at supporting the implementation of infrastructure projects, assessing energy resilience levels, and monitoring the social assistance provided to citizens living on both banks of the Nistru River.

Detailed discussions were held with the mayors of the two settlements, during which the current challenges faced by local residents were outlined, key challenges affecting local communities were identified, and concrete steps were determined to support socio-economic development and contribute to the process of bringing the two banks of the Nistru River closer together.
