

Deputy Prime Minister Oleg Serebrian in dialogue with experts of Berlin Economics

Today, the Deputy Prime Minister for Reintegration Oleg Serebrian met with a delegation of the German research and consulting company Berlin Economics visiting the Republic of Moldova on a documenting mission.

During the meeting, a wide range of topics related to the Transnistrian settlement process and the reintegration of the country were addressed, with an emphasis on the technical assistance that representatives of international organizations and institutions can offer to our country as development partners.

Deputy Prime Minister Oleg Serebrian addressed gratitude to the experts of Berlin Economics for the interest shown in the Transnistrian issue in their research activities, expressing his conviction that increasing contacts between Moldovan officials and representatives of European and international organizations is fundamental for the Republic of Moldova from the perspective of its status as a candidate country to European Union membership.
