

Moldovan Prime Minister meets Speakers of Baltic States’ Parliaments

The Baltic states' support for Moldova’s European integration process, including through sharing their own accession experience and providing the expertise needed to implement reforms was reaffirmed at a meeting between Prime Minister Alexandru Munteanu and President of the Riigikogu of the Republic of Estonia Lauri Hussar, Speaker of the Saeima of the Republic of Latvia Daiga Mieriņa and Speaker of the Seimas of the Republic of Lithuania Juozas Olekas.

The official noted that the Republic of Moldova and the Baltic states share a history marked by similar experiences and challenges, and are united by common values and the same objective — integration into the broader European family.

“We will continue to turn this solidarity into as many concrete actions as possible, for the benefit of citizens, to bring the Republic of Moldova step by step closer to its natural place in the European Union,” Munteanu said.

The heads of the Baltic states’ legislatures praised the progress of the Republic of Moldova on its path to EU accession and in implementing reforms that improve citizens’ quality of life.

The officials also discussed the regional political situation, efforts to counter Russian interference and disinformation, the importance of the local public administration reform recently initiated by the Government in Chişinău, as well as investment opportunities for companies from Estonia, Latvia and Lithuania in the Moldovan market.
