

The two members of the filming team of the Studio-L Căușeni channel were released

In connection with the illegal detention of two members of the regional TV channel Studio-L in Căușeni by representatives of the so-called security structures of the Transnistrian region, we inform you that measures were promptly taken by the Bureau for Reintegration Policies, the Delegation of the Republic of Moldova to the Joint Control Commission and the Bender Police Inspectorate.

As a result of immediate actions, technician Octavian Lupăcescu and cameraman Ion Moroz were released.

Unfortunately, Tiraspol continues the abusive practices of unjustified and illegal persecution of journalists and public opinion leaders, who inform society about the realities on the ground.

The problem of restricting and persecuting journalistic activity in the perimeter temporarily beyond the control of constitutional authorities will be included in the agenda of discussions at the next meeting of political representatives in the negotiation process on the Transnistrian settlement.
