

Press Release of the Bureau for Reintegration

Given the statements of the representatives of the so-called administration from Tiraspol regarding repatriation into the region of citizens and persons with domicile or residence in the Republic of Moldova, we communicate the following:

The Bureau for Reintegration informs the citizens of the Republic of Moldova, domiciled on the left bank of Nistru, that the legal public authorities of the Republic of Moldova are the only ones entitled to negotiate organization of international passenger transportation with the authorities of foreign states.

If citizens intend to return to the Republic of Moldova, it is recommended to consult the Travel Alerts on the Ministry of Foreign Affairs and European Integration website (mfa.gov.md/ro/content/alerte-de-calatorie-covid-19) and to contact the diplomatic mission or consular office of the Republic of Moldova in the country of residence, or the nearest diplomatic mission of our country, to get accurate information on the border crossing points open for entry/exit/transit. The list of the diplomatic missions and contact details can be viewed here: mfa.gov.md/sites/default/files/tabel.pdf

The Bureau for Reintegration warns the citizens not to be misled and to get information only from the official sources of the Republic of Moldova (accredited diplomatic missions of the Republic of Moldova abroad, as well as other state institutions), when the need for repatriation to the region arises.

The Bureau for Reintegration is open for cooperation and will make the necessary efforts to provide assistance to citizens of the Republic of Moldova residing in the Transnistrian region who wish to return into the country.

We would like to remind that decisions of the Extraordinary National Public Health Committee are binding.
