

The issue of illegal posts in the Security Zone remains on the agenda of the Joint Control Commission

The last meeting of the year of the Joint Control Commission was held on December 22nd in Bender, with no solutions or decisions on the removal of the posts illegally installed by Tiraspol in the Security Zone.

In the report of the Joint Military Command for the previous week, new violations of rules of carrying a weapon in the Security Zone by representatives of the Transnistrian force structures were registered. These violations demonstrate the continuing disregard of the basic acts of the peacekeeping mission, as well as of the decisions taken over time at the Commission level.

The insistence of the Moldovan Delegation to steer the talks towards a clear-cut decision, which would correspond to the principles set out in the Agreement dated July 21st, 1992, has not been successful so far, due to a lack of constructivism in the position of the Tiraspol representatives and due to the inappropriate behaviour shown by them at times.
