## CONTRACT AWARD NOTICE

### Design, development and implementation of an Information System for “e-Monitoring”

We hereby inform that DAI Global Austria, on behalf of the European Union, for the benefit of the Government of the Republic of Moldova, has completed a competitive selection process (restricted tender) to identify and contract a suitably qualified and experienced firm to carry out the activities of designing, development and implementation of the Information System “e-Monitoring” Result: the tender proposal that achieved the best evaluation result was received from the consortium led by the company **Greensoft SRL (Romania)**, which was therefore awarded the contract. Implementation of this contract is expected to begin by end of May 2024.

Background: the “e-Monitoring” will be a Government to Government (G2G) and Government to Citizens (G2C) solution, aimed to ensure the transition from the traditional paper-based business processes to extensive digitization of the planning, reporting, and monitoring activities necessary to strengthen the integration efforts of the Republic of Moldova with the European Union by making institutional collaboration more efficient.

We would like to thank all bidders who participated in this tender process and invite you to take an active interest in our future initiatives.
